

## **Transportation of Students in Non-Bus Automobiles Arranged by Schools**

**Date: 2000 12 01 / 2004 09 01 / 2007 04 24 / 2016 10 25 / 2023 06 20**

### **Policy Statement**

The St. Clair Catholic District School Board acknowledges that a complete educational program including related extra-curricular activities may not always take place within the confines of the school. The transportation of students on school buses is a preferred method whenever possible and practical.

### **Policy Goals**

1. To recognize that there are events, trips, activities, and meetings that take place off school property where school bus transportation may not be practical.
2. To support the practice of safely transporting students to various destinations for the purpose of curricular and extra-curricular activities.
