Policy Statement

The St. Clair Catholic District School Board holds as its primary goal the nurturing and spiritual development of its students and staff and values the advisory role of the Catholic Faith Advisory Committee in serving this goal.

We believe a faith-filled Catholic learning community is:

- Christ-centred and informed by Gospel teaching, in which we hold ourselves to high standards and to act in service to others;
- one that together prays, learns, works and celebrates the sacraments;
- inclusive, accepting and respectful of all God's children;
- one that nurtures our spirituality and our potential, academically, physically, emotionally and socially, such that we become committed contributors to our schools, our families, our Church, our communities and our society.
